9935	7
9936	8
9937	10
9938	12
9939	14
70153	16

## DIRECT BURIED COVERS DBC

For the Protection of Push-fit Clear Duct Fittings

Caladen supply a range of connectors and end stops pre-assembled with a customised polypropylene cover. DBC's prevent the accidental release of collets during installation and provide protection and impact resistance in use. The covers are removable/reusable for maintenance and can be specified separately.

Caladen Part Number	Direct Buried Covers for Connectors mm
70853	5
70010	7-8
70175	10
70176	12
70177	14
70178	16

## STANDARD PACKAGING AND LABELLING INSTRUCTIONS

All of the above connectors are packaged in bags of 10 in clear re-sealable poly bags.

Each bag is labelled with item code, product description, quantity, date of manufacture & batch number.

Bags are packaged in cartons labelled with the above information.

Up to a maximum of 20 cartons are packaged in individual cardboard cases, no heavier than 20kg for easy handling. Custom part numbers can be added to labels for specific projects. Please contact Caladen Sales for any non-standard requirements.
